

We now have planning permission

We have just received the fabulous news that we now have planning permission for our new build, so it is all systems go!

The old buildings will be demolished on 26th July and then work on the foundations will begin. Work commencing 23rd August the new Timber building should arrive.

We are hoping to open on 6th September but will keep you updated on this via our web site www.totleywizzkids.co.uk.

The plan for the new building is to be able to offer care for under 2's. If you are interested in booking a place please do so by returning the slip attached.

Also we need that help now! We are clearing the outside play area on Sunday 11th and Sunday 18th and packing and moving furniture on Friday afternoon/evening 23rd July and over that weekend. Please offer your help, even if it's just for an hour we really need the helping hands. Fill in the slip attached and return ASAP.

Watch this space - we will have regular updates on our web site www.totleywizzkids.co.uk throughout the summer.

Many Thanks
Alison

I am interested in an under 2's place and would like more information.

Name..... Child's name.....

Child's D.O.B..... Place required from.....

Days/times.....
